

PK - Papakāinga

[Added 01 Sep 23 PC2]

The purpose of the *Papakāinga* Chapter is to assist *tangata whenua* in the *development* and use of *papakāinga* on their *ancestral land*. *Ancestral land* is land that belonged to *tipuna/tupuna*. It was a base upon which the *hapū* was nurtured and was handed down in succession through generations by continuous occupation. This is known as *ahi kā* or *ahi kā roa*. In the context of the District Plan, *ancestral Māori land* includes *land* held under the Te Ture Whenua Māori Act 1993, Māori customary *land*, Māori freehold *land*, and *general title land* owned by Māori.

It is recognised that *tangata whenua* face barriers to developing and using their *land* in the way that fits into the principle of *Tino Rangatiratanga*, and that this is different to *land* held in European title. The emergence of these barriers can be linked to the process of land alienation. This process occurred alongside the introduction by the Crown of a system of land tenure that individualised title to land in a manner that did not provide for the communal approach that underpinned Māori institutions, including Māori decision-making around the traditional use and *development* of land. Over time, this has contributed to the fragmentation and loss of land owned by *tangata whenua*, and created barriers to the *development* of the land that does remain in the ownership of *tangata whenua*.

The status of *Māori land* held under Te Ture Whenua Māori Act 1993 creates unique ownership issues, demonstrating the need for *Māori land* to be treated differently to *land* under European title. The costs associated with obtaining approval for *papakāinga development* from *Council* and other organisations are an issue for *tangata whenua*. The provisions in this Chapter seek to reduce the barriers that *tangata whenua* face in the *development* of *papakāinga* on their *ancestral land*.

Papakāinga developments are *developments* led by Māori landowners on their *ancestral land*. These *developments* reconnect Māori to their *land*. *Papakāinga development* provides a pathway to sustain the social, economic and cultural well-being of *tangata whenua*. *Papakāinga developments* include housing and associated activities such as social, cultural, educational, recreational and *commercial activities*.

This Chapter outlines the Objectives and Policies that provide for the *development* and use of *papakāinga* by *tangata whenua* on *land* where there is a *whakapapa* or ancestral connection. In addition to providing for *papakāinga* through these provisions, the *Council* is committed to working actively with *tangata whenua* on the *development* of *papakāinga* through the range of other strategies and plans that it prepares and implements (including the Long Term Plan and Infrastructure Strategy).

The Objectives and Policies contained within this Chapter apply to *papakāinga* throughout the *District*. The rules that provide for *papakāinga* are located within the relevant Zone Chapters. The Zones where *papakāinga* are provided for are:

The *Council* will actively partner with *tangata whenua* to prepare *papakāinga* design guides that are clearly underpinned by kaupapa Māori. The guidelines should draw on traditional land use and other environmental features distinctive to the takiwā. As an ecosystem it should give expression to the whānau/hapū/iwi traditional *papakāinga*. *Tangata whenua* will be encouraged to prepare *development plans* for *papakāinga* that are consistent with these design guides.
